Comprobación

The screenshot shows the Visual Studio Code interface. The Explorer panel on the left shows the project structure with files like .env, bin, config, migrations, public, src, templates, tests, translations, var, vendor, .env.test, .gitignore, composer.json, composer.lock, phpunit.xml.dist, and symfony.lock. The .env file is open in the editor, showing configuration for Symfony 5.1.5, including database settings and mailer configuration. The terminal window at the bottom shows the command `php bin/console server:run` being executed, and the output indicates that the server is listening on `http://127.0.0.1:8000`.

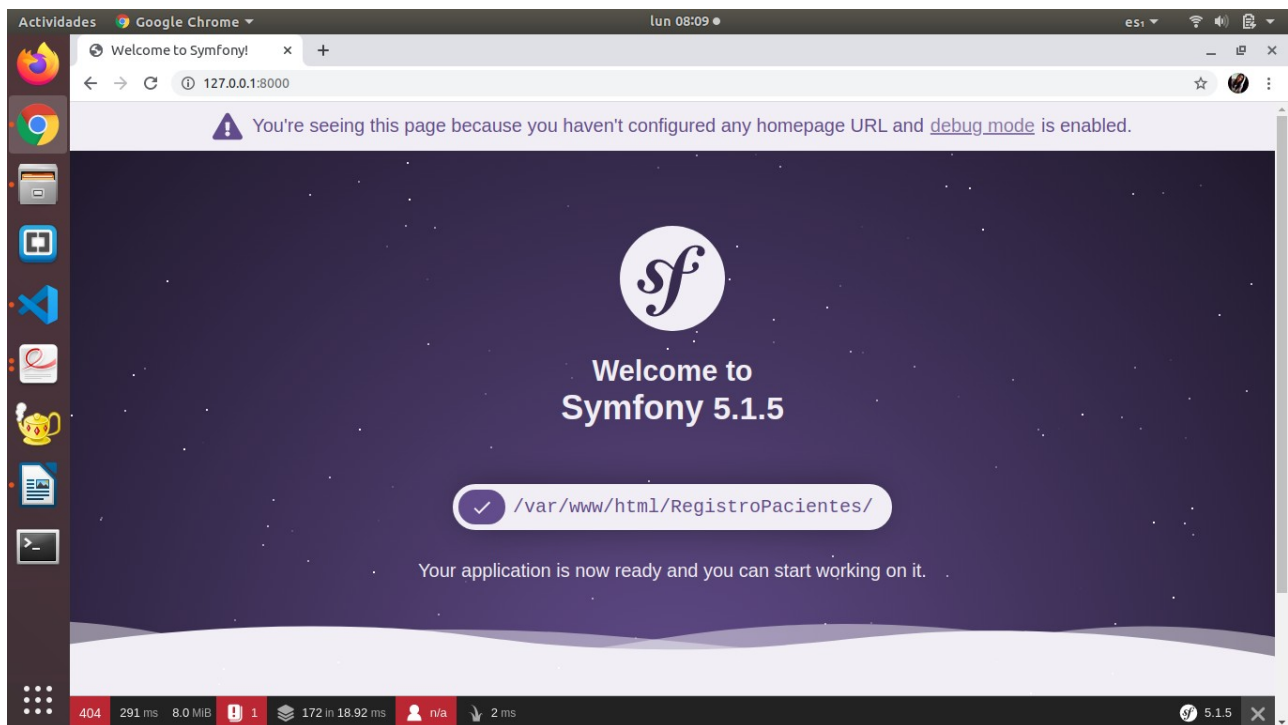

```
.env
11 # DO NOT DEFINE PRODUCTION SECRETS IN THIS FILE NOR IN ANY OTHER COMMITTED FILES.
12 #
13 # Run "composer dump-env prod" to compile .env files for production use (requires symfony/flex >=1.2).

The screenshot shows a web browser window with the title 'Edit Consulta'. The address bar displays '127.0.0.1:8000/consulta/2/edit'. The page content includes a header with the title 'Editar Consulta', a blue 'Eliminar' button, and a purple link 'Volver a la lista'. Below this, there are three text input fields: 'Motivo' with the value 'alteracion', 'Sintomas' with 'dolor de estomago', and 'Diagnostico' with 'apendice'. At the bottom of the form is a blue 'Actualizar' button. The browser's sidebar on the left shows various application icons, and the top status bar indicates the time as 'Jue 06:27'.

This screenshot is identical to the previous one, but with a confirmation dialog box overlaid in the center. The dialog box has a title '127.0.0.1:8000 dice' and the message 'Are you sure you want to delete this item?'. It contains two buttons: 'Cancelar' and 'Aceptar'. The background form remains visible but is partially obscured by the dialog.
